OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 12 June 1961

25X1 1. [REDACTED] George Murphy, Joint Committee on Atomic Energy staff, called and asked if it would be possible for the Director to brief the Committee on Monday, 17 June at 3:30 P.M. (This would be the updating of the annual briefing and perhaps a light touch on the Chinese Communist situation.) The Committee will be finalizing its action on the AEC authorization bill at 2:00 P.M. If that hearing is not over when the Director arrives, the Committee will cease its deliberations on the authorization bill and go back to it after he leaves. After checking with the Director, we advised Murphy that this time and date were acceptable. [REDACTED] was advised of this firm commitment.

25X1 2. [REDACTED] Talked with Sam Archibald, Staff Administrator, Subcommittee on Foreign Operations and Government Information, advising him that the Director had indicated his desire to cooperate on an informal basis with the Subcommittee to give them assistance and understanding of the sensitivity of many aspects of tracking of Soviet satellites. Archibald was pleased with this and will discuss it with the Chairman and be back in contact to work out a mutually convenient time. It was agreed the meeting would be here at the Agency.

25X1 3. [REDACTED] Talked with Boyd Crawford inquiring about the [REDACTED] 25X1

25X1 4. [REDACTED] Sterling Monroe, Senator Henry M. Jackson's Administrative Assistant, telephoned in connection with [REDACTED]
